## Dividend Policy

As per Article 48 of Almarai's Bylaws, after deducting all general expenses and other costs, the Company's annual Net Profits shall be allocated as follows:

- $10 \%$ of the annual Net Profits shall be allocated to form the Company's statutory reserve. Such allocation may be discontinued by the Ordinary General Assembly when this reserve totals $30 \%$ of the Company's paid-up capital.
- The Ordinary General Assembly may, upon the recommendation of the Board of Directors, allocate a specific percentage of the Net Profits to create a voluntary reserve to be allocated to the determined objective or objectives allocated for specific purposes.
- The Ordinary General Assembly, upon determining the dividend, may resolve to form other reserves, to the extent that the same is in the interests of the Company or will ensure the distribution of fixed profits so far as possible among the shareholders. The said Assembly may likewise deduct from the Net Profit amounts to establish social organizations for the Company's workers or to assist any such organizations already in existence.
- Out of the balance of the Net Profits a payment of not less than $5 \%$ of the paid-up capital shall be distributed to shareholders.
- Subject to the provisions laid down in Article 21 of these Bylaws, and Article 76 of the Companies Law, a percentage not more than $5 \%$ of the remaining balance, if any, shall be allocated as remuneration to Members of the Board of Directors, provided that the entitlement to such remuneration shall be proportionate to the number of sessions attended by a Member.
- The Company, after complying with the regulations laid down by the competent authorities, may distribute semi-annual and quarterly dividends. As per Article 48 of Almarai's Bylaws, profits distributed to shareholders are paid at the location and time
determined by the Board of Directors in compliance with CMA regulations. Almarai has achieved a $46.6 \%$ payout ratio for the five year period from 2017-2021. Even though Almarai expects, as per its current distribution practice, to distribute annual cash dividends, there are no guarantees for the distribution of dividends on an ongoing basis. There are no guarantees for the value and percentage of dividends each year. Cash dividends are approved or recommended according to factors including profits achieved, cash flows, new capital investments and prospects of outgoing funds, taking into account the importance of maintaining a strong financial policy to meet any emergency events. The Board of Directors strives to maintain consistency of cash flow each year by reducing the impact of any change in free cash flow that may be attributed to the achievement of profits or losses in specific financial years, while maintaining a medium term target distribution rate of dividend ratio. Almarai has distributed to its shareholders approximately SAR 19,009 million since it was listed on Tadawul, in the form of cash dividends and bonus shares. Cash dividends amounted to approximately SAR 9,909 million, representing 41.1\% of total dividends and bonus shares, while bonus shares from a capital increase reached SAR 9,100 million. This excludes the capital increase resulting from the acquisition of Western Bakeries and International Bakeries Services at a nominal value of SAR 90 million and the $100 \%$ acquisition of Hail Agricultural Development Company (HADCO) at a nominal value of SAR 60 million.
